VOLUNTEER HELP

K

Calvary Christian School considers it a unique opportunity to be able to provide many of the extras that many schools are unable to have. Often this is possible because of your willingness and availability to serve. We appreciate a faithful volunteer more than we could ever express. Your services are a tremendous asset to CCS.

May I encourage you as a parent or maybe even as a grandparent to commit a few hours a month/week? Without exception, there are many needs. Would you consider volunteering a portion of your valuable time to the ministry of Calvary Christian School?
